SPECTRUM SCREENS

Dandy is the massive arcade adventure that takes you through some of the most detailed dungeons you've ever seen. Either solo or with a (brave) friend you can hack, thump and zap your way through spectres, necromancers and other dungeon-dwellers whose concern for your health and well-being is zero.

ALIENS

There are some places in the universe you don't go alone.

As darkness descends Alien Warriors enter the base where Ripley and her companions are waiting. Nervously flicking the safety catches off their Smart Guns, they creep forward to meet a most hideous nightmare: the Aliens.

Aliens is a Multiple Character Arcade Game in which a well thought out strategy must be used to overcome the Alien Queen and her brood.

Based on the science fiction thriller "ALIENS" the game takes you into a confrontation with the most ruthless creatures ever to have appeared on a cinema screen.

In ALIENS, you become the battle hardened elite Space Marines, YOU become Flight Officer Ripley, the devious Burke, and Bishop the artificial man.

ALIENS is a spine chilling thriller of a game in which you must master your fear before you move into the ominous silence of the Alien infested base.

BIG TROUBLE IN LITTLE CHINA

Some people pick the damnedest places to start a fight!

© Twentieth Century Fox

The world teeters on the edge of a new age of terror unless Lo Pan, the Mandarin War Lord and his bizarre body of supporters can be defeated. Based on the fantastical film BIG TROUBLE IN LITTLE CHINA, the game leads you into the heart of the action as the three heroes Jack Burton, Wang Chi and Egg Shen, fight with sword, knife, magic and fists to rescue Miao Yin from Lo Pan's domain below China Town, Los Angeles, before she is sacrificed to a demon.

Star Raiders II™

The Great Galactic Adventure Continues

The future of the Atarian Federation is in your hands as the evil Zylon Master Chut plans to destroy the Celos IV star system...

"Twisting out of Warp Space I dropped the Liberty Star, the hottest fighter in the galaxy, down at the Zylon Attack Base, released a Star Burst, then as the bomb hit, crashed into the midst of a Zylon Squadron; I don't think they were too pleased with me as their base erupted into incandescent atoms.

The old Space Academy training came to my aid; check Weapon Systems. Pulse Lasers for frying them, Ion Cannons for hard boiling them and Star Bursts for scrambling. I thought I'd try a little frying for starters..."

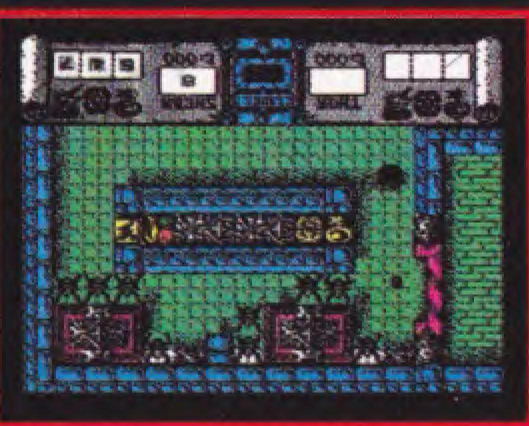

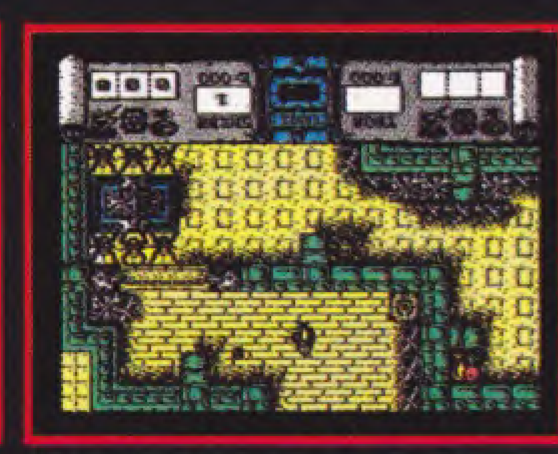

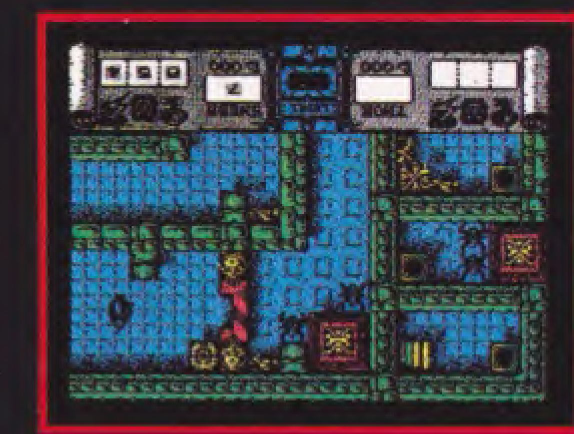

The sequel to the game that astounded the world, STAR RAIDERS II will leave you stunned: there is simply no other game to compete with its sheer excellence.
